

CURRICULUM VITAE OF HYUNSAN CHO

Office Address:

Research Associate Professor
Department of Health Promotion, Education, and Behavior
Arnold School of Public Health, University of South Carolina
915 Greene Street, Suite 411, Columbia SC, 29208
Phone: 803-777-5027; Fax 803-777-6290; Hyunsan@mailbox.sc.edu

EDUCATION

- Ph. D. Department of Sociology, University of North Carolina, Chapel Hill, NC. Dissertation title: "The Causes and Consequences of Government Welfare Expenditures: A Cross-National Study."
- M.A. Department of Sociology, University of Missouri, Columbia, MO. Thesis title: "Cross National Study of Income Inequality: the Boolean Approach."
- B.A. Department of English Literature and Language, Sogang University, Seoul, Korea

RESEARCH/TEACHING INTEREST

Global Health, Adolescent Risk Behaviors, HIV Prevention Research, Prevention of Youth Substance Abuse and Suicide, Program Evaluation, Research Methods and Design, Quantitative Methodology, Mixed Methods

STATISTICAL AND METHODOLOGICAL TRAINING

Basic Statistics; Linear Regression Models; Analysis of Categorical Data; Longitudinal Data Analysis; Research Methods and Design, Qualitative analysis. Proficiency in SAS, STATA, and SPSS statistical programming and qualitative software Dedoose.

WORK EXPERIENCE

Research Associate Professor (2018~)

Department of Health Promotion, Education, and Behavior
Arnold School of Public Health, University of South Carolina- Columbia, SC

Research Scientist (2010-2017)

Associate Research Scientist (2002-2010)

Pacific Institute for Research and Evaluation, (PIRE)
101 Conner Drive, Suite 200 Chapel Hill, NC 27514

- Major responsibilities include preparing manuscripts for publication and professional conferences, writing of grant proposals as a Principal Investigator or Co-Investigator, and providing statistical consultation.

Assistant Adjunct Professor (2013), Public Health Studies, Elon University, Elon, NC

Social Research Associate (1999-2002)

Dept. of Maternal and Child Health, School of Public Health, University of North Carolina, Chapel Hill NC 27599

- Chief duties were to manage to lead research projects as a chief-methodologist for randomized controlled trials, to participate in the development of NIH funded projects as co-investigator. Also major responsibilities include providing statistical consultation, preparing manuscripts for publication and professional conferences.

Statistical Consultant, Institute for Research in Social Science (IRSS) (1999)

University of North Carolina, Chapel Hill, NC 27599

- The Institute maintains a statistical consulting service, staffed by advanced graduate students, who are on call in the Odum Institute Statistical Laboratory to answer routine statistical and programming questions (SAS, SPSS, and STATA).

SAS Programmer (1998)

Cecil G. Sheps Center for Health Service Research Center, 725 Airport Road, Chapel Hill, NC 27599

- The Cecil G. Sheps Center for Health Services Research encompasses an interdisciplinary program of research, consultation, technical assistance and training focusing on the accessibility, adequacy, organization, cost and effectiveness of health care services. She served as SAS programmer in data management of projects.

TEACHING EXPERIENCE

2013	Teaching Research Methods in Public Health, Elon University, NC
1990 -1997	Teaching Assistantships at the Department of Sociology- UNC-Chapel Hill Introduction to Sociology; Human Societies; Black & White Relations in US; Measurement & Data Collection (Recitation session); Data Analysis Social Research (Recitation session); Family & Society; Sociology of Art; Theory/Problem in Developing Societies; Statistics for Social Science (Graduate level)

RESEARCH PROJECTS

NIH/NIMH R21 MH105287-01	2015-2017	\$422,802: Impact score 10 within 1%
Role: Principal Investigator		
<i>“Pathways to HIV Risk among Orphan School Dropouts in Kenya”</i>		
Specific aims for the study are: 1) Identify and describe key contextual factors that either protect orphans from or put them at risk of dropping out of school; and 2) Examine key contextual factors that either protect orphans from or increase their risk of HIV infection.		
NIH/NIMH	2014-2016	\$200,074
Role: Principal Investigator, Administrative Supplement		
<i>“School Support as Structural HIV Prevention for Adolescent Orphans in Kenya”</i>		
NIH/NIMH R01	2011-2017	\$3,593,630
Role: Principal Investigator,		
<i>“School Support as Structural HIV Prevention for Adolescent Orphans in Kenya”</i>		
Specific aims for the study are: 1) To experimentally test whether providing comprehensive school support to orphaned Luo boys and girls will reduce school dropout, reduce sexual risk behaviors, and prevent HIV and HSV-2 infection; 2) To conduct a process evaluation of the implementation of the program; and 3) To conduct comparative cost effectiveness analyses.		
NIH/NICHD R01 (Hallfors, PI)	2011-2013	\$1.15 million
Role: Co-Investigator		
<i>“Can Church Schools Reduce Risk of HIV Infection for Orphan Girls in Zimbabwe?”</i>		
NIH/NICHD R01 HD055838 (Hallfors, PI)	2007-2011	\$2,607,304
Role: Co-Investigator		
<i>“Can Church Schools Reduce Risk of HIV Infection for Orphan Girls in Zimbabwe?”</i>		
NIH/NICHD (Hallfors, PI)	2010-2011	Cost: \$432,484.
American Recovery and Reinvestment Act Administrative Supplement of the Zimbabwe Project.		
Role: Co-Investigator		
NIH/NIMH R34 (Hallfors, PI)	1/1/08-12/31/10	\$650,000
Role: Co-Investigator		
<i>Preventing HIV Risk among Adolescent Orphans in Kenya</i>		
It is a randomized controlled trial to test whether assistance to stay in school can delay sexual debut and prevent HIV risk behaviors among adolescent orphan boys and girls.		
NIH/NIDA R01 (Hallfors, PI)	07/01/01-06/30/06	Cost: \$4,012,309.00
Role: Co-Investigator		
<i>Research to Practice: An Indicated Prevention Program</i>		

It is a randomized controlled trial in 2 large school districts in the USA 1) to conduct an effectiveness trial of the prevention program, “Reconnecting Youth” (RY); 2) to conduct an organizational diffusion study of RY; 3) to assess the degree of institutionalization of RY in the school districts; and 4) to conduct an implementation effectiveness study of RY.

NIH/NIDA (Hallfors, PI)

04/01/02-03/31/07 Cost: \$1,263,345.00

Role: Co-Investigator

HIV in Young Adulthood: Pathways and Prevention

A major goal is to understand underlying causes and consequences of patterns of drug use and risky sexual behavior among identified groups of adolescents in USA.

AWARD

2011 American Journal Public Health Paper of the Year Award

Hallfors, D., Cho, H., Rusakaniko, S., Iritani, B., Mapfumo, J., Halpern, C. Supporting Adolescent Orphan Girls to Stay in School as HIV Risk Prevention: Evidence from a Randomized Controlled Trial in Zimbabwe. *American Journal of Public Health* 101(6):1082-1088. PMID: PMC3093274.

PROFESSIONAL ACTIVITIES

Reviewer of National Institute of Health, Center for Scientific Review

- *Special Emphasis Panel on F31 and F31 Fellowship applications for training in Aids and Aids Related Applications, March 2014.*
- *Behavioral and Social Science Approaches to Preventing HIV/AIDS (BSPH), Nov. 2014*

Ad hoc Reviewer of:

- *Journal of Adolescent Health*
- *Social Science and Medicine*
- *Addictive Behaviors*
- *Achieves of General Psychiatry*
- *Health Education Research*
- *European Journal of Public Health*
- *PLOS One*
- *Pediatrics*
- *Journal of AIDS and Clinical Research*
- *Journal of Medical Virology*
- *World Medical and Health Policy*
- *AIDS*
- *Aids and Behavior*
- *Current Psychology*

Certificate of:

“PrEPMeSC: A look into Biomedical HIV prevention strategies and their effectiveness in decreasing HIV incidence” South Carolina STD, HIV, & Viral Hepatitis Pre-Conference Institute, 2018”

“Ethical and Regulatory Aspects of Clinical Research” at National Institute of Health Department of Bioethics. November 2013.

Qualitative Courses: *Completed workshops on “Coding and Analyzing Qualitative Data” at 2014, and “Progression with Grounded Theory” at 2015 from the Qualitative Research Summer Intensive at the Odum Institute, University of North Carolina- Chapel Hill.*

Quantitative Course: *Completed workshop on “Programming in R at Data Matters: Data Science Short Course Series” at NC State University, August 2017*
