

Minji Kim, PhD

915 Greene Street, Ste 554, Columbia, SC 29208

E-mail: minjikim@sc.edu Web: drminjikim.wordpress.com

APPOINTMENT

University of South Carolina Columbia, SC
Assistant Professor, Department of Health Promotion, Education, and Behavior 2021 – Present

University of California, San Francisco San Francisco, CA
Post-doctoral Fellow, Center for Tobacco Control Research & Education 2016 – 2021

- Mentors: Pamela Ling, MD, MPH; Janice Tsoh, PhD

EDUCATION

Annenberg School for Communication, University of Pennsylvania Philadelphia, PA
PhD, Communication 2016

- Research focus: Message effects, targeted health communication, and social influence
- Advisor: Joseph N. Cappella, PhD

Seoul National University Seoul, Korea
MA, Communication 2010

- Research focus: Computer-mediated communication, human-computer interaction, and social influence
- Advisor: Eun-Ju Lee, PhD

Seoul National University Seoul, Korea
BA, Communication and ITCT (Information Technology & Cultural Technology) 2006

- Distinction: Summa Cum Laude

University of Washington Seattle, WA
International Student Exchange Program 2003 – 2004

- Joint focus on (1) Communication and (2) Digital Arts and Experimental Media programs

Formal Public Comments on Regulation to the Government Agencies

Tobacco Product Standard for Menthol in Cigarettes

Docket Number: FDA-2021-N-1349

1. Lempert L., Glantz., S. A., Chaffee, B., Matthay, M. A., Springer, M. L., Mohammadi, L., Cheng, J., Fung, J., Gaiha, S. M., Guerra, C., Halpern-Felsher, B., Han, D. D., **Kim, M.**, Max, W., McCauley, D. M., Da Silva, A. L. O., Pravosud, V., Shaffer, C., St.Helen, G., Sung, H.-Y., Wang, Y., & Ling, P. M. (August 1, 2022) “*FDA should not grant exemptions to the proposed standard on a case-by-vase basis for certain cigarettes such as heated tobacco products or low nicotine cigarettes*”. Available at

<https://www.regulations.gov/comment/FDA-2021-N-1349-175343>.

2. Lempert L., Glantz, S. A., Da Silva, A. L. O., Bialous, S., Chaffee, B., Cheng, J., Fung, J., Gaiha, S. M., Guerra, C., Halpern-Felsher, B., Han, D. D., **Kim, M.**, Matthay, M. A., Max, W., McCauley, D. M., Pravosud, V., Shaffer, C., Springer, M. L., St.Helen, G., Sung, H.-Y., Vijayaraghavan, M., Wang, Y., & Ling, P. M. (August 1, 2022) “*FDA should prohibit all menthol flavor additives, compounds, constituents, and ingredients in cigarettes, and should not limit the proposed standard to prohibiting menthol as a “characterizing flavor”*”. Available at <https://www.regulations.gov/comment/FDA-2021-N-1349-175335>

Modified Risk Tobacco Product Application: Application for the IQOS 3 System Holder and Charger Submitted by Philip Morris Products S.A.

Docket Number: FDA-2021-N-0408-0001

3. Lempert, L., Vescia, F., **Kim, M.**, Chaffee, B., Ling, P., Glantz, S., Watkins, S. L., Matthay, M., Mohammadi, L., Gandhi, S., Crocker III, J. A., & Halpern-Felsher, B. (December 7, 2021) “*PMPSA’s supplemental modified risk tobacco product application for IQOS 3 does not adequately consider or address new published research on IQOS’s appeal to adolescents or young adults, consumer perceptions, or the likelihood that the proposed labeling and marketing will be misunderstood by consumers, particularly youth; FDA should not issue a reduced exposure MRTP order for IQOS 3*”. Available at <https://www.regulations.gov/comment/FDA-2021-N-0408-0032>

Tobacco Products: Principles for Designing and Conducting Tobacco Product Perception and Intention Studies

Docket Number: FDA-2019-D-4188

4. Lempert, L., Glantz, S., Ling, P., Popova, L., Chaffee, B., Watkins, S. L., **Kim, M.**, & Halpern-Felsher, B. (December 21, 2020) “*FDA’s draft guidance on Principles for Designing and Conducting Tobacco Product Perception and Intention Studies appropriately highlights the importance of determining whether consumers understand the risks of new tobacco products and modified risk claims ...*”. Available at <https://www.regulations.gov/comment/FDA-2019-D-4188-0015>

Tobacco Products; Required Warnings for Cigarette Packages and Advertisements

Docket Number: FDA-2019-N-3065

5. Lempert, L., Chaffee, B., Popova, L., **Kim, M.**, Max, W., Halpern-Felsher, B., & Glantz, S. (October 12, 2019) “*FDA’s proposed required textual warning label statements and accompanying color images will promote greater public understanding of the negative health consequences of smoking and should be implement with some improvements*”. Available at <https://www.regulations.gov/comment/FDA-2019-N-3065-0417>

Health Canada: Regulation of vaping products

6. Halpern-Felsher, B., Lempert, L., **Kim, M.**, Popova, L., Watkins, S. L., Chaffee, B., McKelvey, K., Mcquoid, J., Keamy-Minor, E., Springer, M., Ling, P., & Glantz, S. (May 21, 2019) “*Consultation on potential regulatory measures to reduce youth access and appeal of vaping products: Evidence and recommendations from the U.S. experience*”.

Eliminating Youth Electronic Cigarette and Other Tobacco Product Use: The Role for Drug Therapies

Docket Number: FDA-2018-N-3952

7. Halpern-Felsher, B., Lempert, L., Watkins, S. L., Gaiha, S., Chaffee, B., McKelvey, K., **Kim, M.**, Popova, L., & Glantz, S. (February 1, 2019) “*FDA must use its existing authority to combat the youth e-cigarette use epidemic by preventing addiction now, rather than by seeking to treat it after the fact*”. Available at

<https://www.regulations.gov/document/FDA-2018-N-3952-0392>

Applications for IQOS System with Marlboro HeatSticks submitted by Philip Morris Products S.A.

Docket Number: FDA-2017-D-3001

8. Lempert, L., Popova, L., Halpern-Felsher, B., McKelvey, K., **Kim, M.**, Chaffee, B., Vijayaraghavan, M., Ling, P., & Glantz, S. (December 11, 2017) “*Because PMI has not demonstrated that IQOS is associated with lower risks, FDA should not permit modified exposure claims, because such claims are likely to be misunderstood as modified risk claims*”. Available at <https://www.regulations.gov/document/FDA-2017-D-3001-0154>
9. Halpern-Felsher, B., McKelvey, K., Popova, L., **Kim, M.**, Chaffee, B., Vijayaraghavan, M., Ling, P., Lempert, L., & Glantz, S. (December 8, 2017) “*The evidence cited in PMI’s MRTP Application indicates that the proposed labeling and warnings for IQOS will mislead consumers, particularly youth, about the product*”. Available at <https://www.regulations.gov/document/FDA-2017-D-3001-0149>
10. Halpern-Felsher, B., McKelvey, K., **Kim, M.**, Popova, L., Chaffee, B., Vijayaraghavan, M., Ling, P., Lempert, L., & Glantz, S. (December 7, 2017) “*PMI’s MRTP Application for IQOS Does Not Consider IQOS’s Appeal to Youth or Adolescents, or the Likelihood that Youth and Adolescents will Initiate Tobacco Use with IQOS or Use IQOS with Other Tobacco Products*”. Available at <https://www.regulations.gov/document/FDA-2017-D-3001-0148>

Experimental study on warning statements for cigarette graphic health warnings

Docket number: FDA-2017-N-0932

11. Lempert, L., **Kim, M.**, Popova, L., & Glantz, S. (May 26, 2017). “*FDA’s Proposed Collection of Information on the Experimental Study on Warning Statements for Cigarette Graphic Health Warnings Should be Addressing the Graphic Images, not Merely the Textual Statements*”. Available at <https://www.regulations.gov/document/FDA-2017-N-0932-0010>

MANUSCRIPTS UNDER REVIEW

1. Nguyen, N., **Kim, M.**, Watkins, S.L., Koester, K., & Ling, P.M. “*I’m both smoking and vaping*”: “*I’m both smoking and vaping*”: A longitudinal qualitative study of US young adults who tried to quit smoking cigarettes by using electronic cigarettes
2. Ball, C., Fahrion, A., Morales, M., McDonald, A., Vogel, E.A., **Kim, M.**, Watkins, S.L., (under review). “*Do All Bisexuals Have This Power?*”: An exploratory study of “crippling nicotine addiction,” identity, and other emergent themes in user-generated e-cigarette messages on QueerTok.

GRANTS, AWARDS, AND HONORS

GRANTS

Funded as PI/Project Lead

U54 HL147127 – RRP5

9/1/2020 – 8/31/2021

National Heart, Lung and Blood Institute/Food and Drug Administration

\$82,375

Unboxing IQOS - US Poly-Tobacco Users’ Responses to New Heated Tobacco Products: Rapid response project examining poly-tobacco users’ response to IQOS using a novel qualitative method (unboxing interview) to understand the impact of marketing on high-risk population.

U54 HL147127 – B27877E 7/1/2018 – 6/30/2019
 Tobacco Centers of Regulatory Science (TCORS) Developmental Project, UCSF \$39,163
Understanding Asian American Smokers' and Non-smokers' Responses to Culturally Tailored Anti-Tobacco Message Concepts: Develop and pilot-test anti-tobacco message concepts targeting Asian Americans using in-depth interviews, comparing responses from different smoking status, sex and age groups.

Doctoral Student Fellowship 9/1/2014 – 8/30/2015
 Wharton Risk Management Center, University of Pennsylvania \$3,000
Character-Audience Similarity & Persuasion: Moderating Role of Message Themes in Anti-Smoking Campaign Messages: Develop and pilot-test anti-smoking and anti-secondhand smoke messages utilizing demographically similar and dissimilar smoker characters.

Other grant support

3R01 DA036749-05S1 (Tsoh) 12/01/2020 – 11/31/2022
 National Institute on Drug Abuse \$589,981 total

Getting Asian Americans INFORMED to Facilitate COVID-19 Testing and Vaccination

This project develops and evaluates “INdividual and Family-Oriented Responsive Messaging EDucation” (INFORMED) intervention in increasing knowledge about COVID-19 testing and decreasing decisional conflicts of getting tested for COVID-19 in Chinese, Hmong and Vietnamese Americans. In addition, we will conduct in-depth prospective investigation of sociocultural, ethical, and behavioral factors related to COVID-19 testing over-time and to explore factors affecting vaccination uptake. Role: Key personnel.

R01 CA141661 (Ling) 9/30/2009 – 8/31/2020
 National Cancer Institute \$4,000,000 total

Understanding Smokeless Tobacco Marketing

Analysis of previously secret tobacco industry documents to understand the targets and impact of smokeless tobacco marketing, content analysis of current smokeless advertising, and pilot testing counter-marketing messages to decrease smokeless uptake. Role: Trainee.

U54 HL147127 (Glantz) 9/1/2018 – 6/30/2023
 National Heart, Lung and Blood Institute/FDA \$12,740,265 total

Integrated Health, Behavioral and Economic Research on Current and Emerging Tobacco Products

Examine health effects, behavior, and impact related to current and emerging tobacco products, including e-cigarettes, smokeless tobacco, and new heated tobacco products (HTPs). Role: Trainee.

24AT-1301 (Tsoh) 7/1/2017 – 6/30/2019
 Tobacco Related Disease Research Program \$206,532 total

Empower Korean Families to End Tobacco Use & Smoke Exposure

Test feasibility, acceptability, and preliminary efficacy of a newly developed family-based intervention in promoting smoking cessation and in reducing SHS exposure among Korean Americans. Role: Trainee.

23AB-1401 (Tsoh) 9/1/2017 – 2/28/2019
 California Breast Cancer Research Program \$150,000 total

Reducing Breast Cancer Risk in Korean American Women

A partnership between the Korean Community Center of the East Bay and UCSF to reduce breast cancer risk in Korean women with a family-focused approach to reduce secondhand smoke. Role: Trainee.

P50 CA180890 (Glantz) 9/1/2013 – 8/31/2018
 National Cancer Institute/FDA \$12,788,482 total

Improved Models to Inform Tobacco Product Regulation

Multidisciplinary center grant on economic, behavioral and cardiopulmonary issues related to tobacco product

regulation. Role: Trainee.

R01 CA160226 (Cappella) 10/1/2011 – 6/30/2016
National Cancer Institute \$1,001,000 total

Constructing Recommender Systems for Effective Health Messages: Smoking Cessation

Develop a “recommendation machine” for health campaign messages tailored to individual preferences based on algorithms for content similarity, preference similarity or their combination. Role: Trainee.

AWARDS AND HONORS

Rock Star Reviewer, Health Communication Division, International Communication Association	2022
SRNT Travel Award (\$1,000), Society for Research on Nicotine and Tobacco	2020
Postdoctoral Travel Award (\$1,000), Hellen Diller Family Comprehensive Cancer Center, UCSF	2019
Dissertation Fellowship, Annenberg School for Communication, University of Pennsylvania	2015 – 2016
Top Paper Award, Health communication Division, National Communication Association	2013
Graduate Scholarship, Korea Foundation for Advanced Studies	2009 – 2016
<ul style="list-style-type: none"> The most competitive graduate scholarship program in South Korea The only scholarship awarded to a communication student in 2009 	
Summa Cum Laude, Seoul National University	2006
Undergraduate Scholarship, Korea Foundation for Advanced Studies	2003 – 2005

RESEARCH INTERESTS

Targeted/Tailored Communication, Health Communication/Health Psychology, Persuasion, Message Effects, Social Influence, Strategic Communication, Human-Computer Interaction & Computer-Mediated Communication

PRESENTATIONS

NATIONAL/INTERNATIONAL INVITED TALKS

- 1. ASPIRE 2025 Research Center, New Zealand** Webinar
“Not a cigarette, not an e-cigarette: IQOS marketing strategy and responses” Jul. 2022
- 2. Tobacco Regulatory Science Knowledge Center** Webinar
 Center for Coordination of Analytics, Science, Enhancement and Logistics (CASEL) Journal Club Feb. 2021
“Unboxed: US young adult tobacco users’ responses to a new heated tobacco product (IQOS)”
- 3. Tobacco Regulatory Science Knowledge Center** Webinar
 CASEL Webinar: Emerging Tobacco marketing strategies Jul. 2019
“IQOS and Heated Tobacco Products Marketing Overseas”
- 4. National Institutes of Health** Bethesda, MD
 Health Communication Working Group, Tobacco Centers of Regulatory Science (TCORS) Oct. 2017
“Effects of E-cigarette Advertisements on Adolescents’ Perceptions of Cigarettes”

REGIONAL INVITED TALKS

1. **Smoking Cessation Leadership Center (SCLC), UCSF** Webinar
SCLC Webinar Feb. 2021
“Unboxing IQOS: History, risk perceptions, and clinical implications”, with Dr. Pamela Ling
2. **Society for Prevention Research** San Francisco, CA
27th Annual meeting, Organized paper session discussant May 2019
“Juuling and Youth: How Regulators and Providers Are Failing – Evidence and Ways Forward”
3. **Center for Tobacco Control Research and Education, UCSF** San Francisco, CA
“It’s About Billion Lives” Symposium Feb. 2018
“Learning from Tobacco Industry to Fight Back: Peer-Crowd Targeting in E-Cigarette Advertisements”
Available at <http://tiny.ucsf.edu/peercrowds>
4. **Helen Diller Family Comprehensive Cancer Center, UCSF** San Francisco, CA
Tobacco Control Scientific Trainee Retreat Apr. 2017
“Youth Perception of Cessation-Themed E-Cigarette Advertisements”
5. **Center for Tobacco Control Research and Education, UCSF** San Francisco, CA
Fellowship Advisory Committee meeting Feb. 2017
“A Communications Perspective on Tobacco Regulatory Science: Targeted and Tailored Communication”

PEER REVIEWED CONFERENCE PRESENTATIONS

1. **Kim, M.**, Vassey, J., Li, D., Galimov, A., Han, E., Kirkpatrick, M.G., Stanton, C.A., Ozga J.E., Lee, S., Santoro, S., & Unger, J.B. (March 2023). *Discussions of heated tobacco products on Twitter following the IQOS modified-risk tobacco product authorization and U.S. import ban*. 2023 Society for Research on Nicotine and Tobacco (SRNT) Annual Meeting, San Antonio, TX.
2. Laestadius, L., Vassey, J., **Kim, M.**, Ozga, J.E., Li, D., Stanton, C.A., Wipfli, H., & Unger, J.B. (March 2023). *Themes in e-liquid concept names as a marketing tactic based on evidence from Premarket Tobacco Product Applications*. 2023 SRNT Annual Meeting, San Antonio, TX.
3. Wang., Y., Liu, J. & **Kim, M.** (March 2023). “Man-made” but may be “used to get people off of nicotine”: (Mis)perceptions about tobacco-free nicotine and synthetic nicotine. Poster presentation at 2023 SRNT Annual Meeting, San Antonio, TX.
4. Liu, J., Wang, Y., & **Kim, M.** (March 2023). *Misperceptions about harms associated with synthetic nicotine and tobacco-free nicotine: Does current vaping status matter?* 2023 SRNT Annual Meeting, San Antonio, TX.
5. Ball, C., Fahrion, A., Morales, M., McDonald, A, Vogel, E.A., **Kim, M.**, & S.L. Watkins (March 2023). All bisexuals have a “crippling nicotine addiction”: An explorative study of user-generated e-cigarette messages on QueerTok. To be presented at the Public Health Conference of Iowa, Des Moines, IA.
6. Luu, M., Yu, E., Burke, N., Cheng, J., Choi, J., **Kim, M.**, Lor, D., Nguyen, T.T., Pham, M., Stewart, S., Thao, C., Wong, C., Wong, J., Wu, A., & Tsoh, J.Y. (November 2022). *Engaging Chinese and Vietnamese American participants via text messaging in COVID-19 health education*. Poster presentation at 2022 American Public Health Association (APHA) Annual Meeting, Boston, MA.
7. **Kim, M.** (May 2022). *Developing and pilot-testing culturally appropriate anti-smoking messages for Asian Americans: A Mixed-method approach*. Oral presentation at 2022 International Communication Association

(ICA) Annual Conference. Paris, France.

8. **Kim, M.**, Watkins, S.L., Koester, K., & Ling, P. (October 2021). *Using narrated ‘unboxing’ interviews to capture US adult tobacco users’ responses to a new heated tobacco product*. 2021 APHA Annual Meeting, Denver, CO.
9. Nguyen, N., **Kim, M.**, Watkins, S.L., Koester, K., & Ling, P.M. (October 2021) “*I’m both smoking and vaping*”: *Reasons for unsuccessful replacement of cigarette smoking with e-cigarette vaping among young adults*. Panel presentation at the Fall 2021 NIH Tobacco Regulatory Science Meeting (virtual).
10. **Kim, M.** & Ling, P. (October 2020). Heated tobacco product marketing: Using brand names and branded components to avoid regulation. 2020 APHA Annual Meeting. (Virtual presentation due to COVID-19)
11. **Kim, M.** & Ling, P. (October 2020). Young adult poly-tobacco users’ response toward psychographically targeted anti-tobacco campaigns. 2020 APHA Annual Meeting. (Virtual presentation)
12. **Kim, M.**, Phan, P., Lee, I., & Tsoh, J. (May 2020). *Similar Faces, Familiar Contexts, Novel Stories: The Effects of Culturally Targeted Anti-Tobacco Messages for Eastern and Southeastern Asian Americans*. 2020 ICA Annual Conference. (Virtual presentation)
13. **Kim, M.** Watkins, S.L., Kim, H.C., Harvanko, A., Koester, K., Mock, J., Olson, S., Ling, P.M. (March 2020). *Unboxing IQOS – US Young Adult Poly-Tobacco Users’ Responses to Philip Morris’ New Heated Tobacco Product*. 2020 SRNT Annual Meeting, New Orleans, LA. (E-poster presentation; SRNT Travel Award)
14. **Kim, M.**, Guan, A., Yu, E., & Tsoh, J. (November 2019). *Asian American-targeted Tobacco-related Communication: A Systematic Review*. 2019 APHA Annual Meeting, Philadelphia, PA.
15. **Kim, M.**, Ling, P., & Halpern-Felsher, B. (June 2019). *The Effect of E-cigarette Advertisements on Youth’s Smoking Perception: An Experimental Study of Promoting E-cigarette as a Solution to Smoking*. 2019 Annual Meeting of the Canadian Communication Association, Vancouver, BC, Canada.
16. **Kim, M.**, Sangalang, A., & Moran, M. B. (November 2018). *A Review of Targeted Health Campaigns*. 2018 National Communication Association (NCA) Annual Conference, Salt Lake City, UT.
