

# Recruiting Motivated PhD/MS Students to Join the ECHO Lab at UofSC !

**Dr. Jason Yang** is seeking highly motivated applicants to join the *Emotion, Cognition, and Health Outcome Lab* in the Dept. of Exercise Science and the TecHealth Center.

Are you **PASSIONATE** about using **MOBILE TECHNOLOGY** to promote **HEALTHY & ACTIVE LIFESTYLES**?

- I. We apply *mobile technology* (e.g., smartphones, wearables, and accelerometers) to capture real-time psychological, behavioral, cognitive, and contextual data to study the antecedents, concomitants, and consequences of movement-behaviors in vulnerable populations.
- II. We also study the role of mindfulness-based physical activity in promoting healthy aging and cognition.
- III. We collaborate with colleagues in the Arnold School of Public Health, various UofSC Departments, and collaborators in other Universities.

**JOIN US and EARN YOUR PhD/MS** in the **Top-Ranked Exercise Program** in the US!

- **EMAIL** [cy11@mailbox.sc.edu](mailto:cy11@mailbox.sc.edu) (Dr. Yang) to further discuss.
- **VISIT** [ECHO Lab](#), [TecHealth Center](#), [Exercise Science PhD program](#), and [faculty profile page](#) for more information.
