For the HPEB Minor:

Requires a minimum of 18 credit hours, minimum of 2.75 GPA to enroll, and "C" or higher in each minor course completed.

Complete the two required courses (HPEB 300 and HPEB 553).

Select one course from each of the electives (*Special Populations, Health and Health Behaviors, and General Concepts in Health Promotion*)

Select one additional course from one of the three electives from the list above

Note: A maximum of 3 non-HPEB courses can be taken to fulfill the elective requirements.
