PHYSICAL ACTIVITY & PUBLIC HEALTH

Master of Public Health in Physical Activity & Public Health

Are you interested in a career where you can have a direct impact on the physical activity levels and the health of those in your community, state, nation, and beyond?

Our Master of Public Health in Physical Activity and Public Health is the first academic program in the nation designed to prepare professionals to increase physical activity and improve health in populations. Our program will provide you with the essential knowledge, skills and experiences that will prepare you to design, implement and evaluate physical activity interventions.

With the MPH-PAPH degree, there are many career opportunities in the areas of:

- Health and wellness
- Active transportation to school
- Corporate wellness
- Transportation and community design
- Parks and recreation
- Chronic disease prevention
- Community-based physical activity interventions
- Policy and environmental change
- Preparation for working in local and state health departments

Application deadline: JUNE 1st

ADMISSION REQUIREMENTS

- Bachelor’s degree in exercise science or related discipline from an accredited institution
- Academic prerequisites: Human Anatomy and Physiology
- GPA of 3.00 or higher
- GRE optional
- 3 letters of recommendation from academic and/or professional sources
- Resume and statement of purpose, including potential faculty mentors
