

**Call for Abstracts**  
**University of South Carolina Nutrition Consortium**  
**2019 Nutrition Symposium**

***UofSC Nutrition Research Day: Share, Discover, Connect***

**When: Friday, March 22<sup>nd</sup>, 2019**

**Where: USC Alumni Center**

Faculty, staff, students, and community members are invited to University of South Carolina's Nutrition Consortium Annual Symposium, "UofSC Nutrition Research Day: Share, Discover, Connect".

**Background & Purpose:** The symposium seeks to encourage collaboration and generate and communicate knowledge across the spectrum of nutrition research.

**Call for Abstracts:** University faculty, staff, and students are invited to submit an abstract of **250 words maximum** to present at the symposium. **Abstracts are due by 5:00 p.m. on February 8<sup>th</sup>**. We are looking to represent all the latest nutrition research being conducted at the University of South Carolina. This **includes but is not limited to:**

- Ensuring food security
- Understanding and influencing food choice for health promotion
- Assessing dietary patterns in development, health, and disease
- Promoting maternal, infant, and child nutrition
- Preventing childhood obesity
- Developing and using technology to measure and promote healthy dietary intake
- Evaluating optimal nutrition for healthy aging, peak performance, and chronic disease prevention

**Format:** Each **250 words maximum** abstract should be formatted using the following headings:

- **Objectives:** State the objective the study was intended to address.
- **Methods:** Provide a clear, concise description of specific methods, including research design. Describe interventions, if used.
- **Results:** Report the most important findings, including results of analyses. Unless an abstract is focused on methods or protocols, all abstracts must include at least preliminary results.
- **Conclusions:** Summarize in 1 or 2 sentences the primary outcomes of the study, including their potential importance (avoid generalizations).

**Process:** Abstracts will be peer reviewed and selected abstracts will be programmed for oral or poster presentation. Student abstracts will be reviewed separately. Selected abstracts will be programmed for a student oral or poster presentation and eligible for student presentation awards. Abstracts presented within the last year from national and international meetings are welcome. As a submitting author, please certify that all co-authors agree to the submission of the abstract. You will be notified the **week of March 4th** if your submission has been accepted.

**Abstract submission information can be found on the UofSC Nutrition Consortium website.**
